SHARDA UNIVERSITY

ONE OF NORTH INDIA'S LEADING UNIVERSITIES

The Sharda Group of Institutions (SGI) have been the provider of world class education since 1996. SGI the largest educational group based in Uttar Pradesh, has on its rolls 20,000+ students and more than 1200+ faculty members. Its 45,000+ alumni are today the leaders in their realms. The state-of-the-art campuses in Agra, Mathura and Greater Noida are located on 180 acres of land. Sharda Group of Institutions were the first in the self-financing sector in North India to receive Accreditation from the National Board of Accreditation (NBA) for internationally competitive Teaching-Learning Processes and Infrastructure facilities.

Responding to the strong need of bringing world class education to India at affordable price, Sharda Education Trust established a multi-disciplinary global university in the year 2009. Sharda University is located at Knowledge Park-III, Greater Noida in the National Capital Region (NCR), 25 km away from New Delhi.

The curriculum offered is continuously upgraded to keep pace with the overall development of industry and in line with the best practices followed world over. Highly stimulating instructions developed by experienced Indian and International faculty are delivered in ICT enabled environment, to train students and to develop their skills in tune with national campaigns like; 'Make In India' and 'Digital India'. The teaching-learning process coupled with convenient and flexible credit options make Sharda University a truly global University.

FIND
THE INSPIRATION
TO HEAL MANKIND

The School of Medical Sciences & Research (SMSR) was established in the year 2009 under Sharda University to offer world-class medical education, research and training. Over the years, the School has nurtured brilliant doctors who are setting new benchmarks in patient care not in India but across the world.

The School's distinguished faculty has been drawn from leading academic institutions such as AIIMS, PGI, UCMS, Lady Hardinge, BHU, etc. Many faculty members have received prestigious awards in their specialties and have published and presented a large number of scientific papers in various reputed Journals and various national and international conferences. The School has also hosted a large number of National CMEs, State level Conferences and Workshops.

WHAT SETS SMSR APART

- » **Hi-tech Infrastructure:** School located in the Sharda University campus spread over 63 acres with facilities at par with leading universities.
- » **Distinguished Faculty:** Dedicated and highly experienced faculty drawn from leading academic institutions such as AIIMS, PGI, UCMS, Lady Hardinge, BHU, etc.
- » **Well-stocked Library:** Air-conditioned central library stocked with more than 11,000 books, journals, computers and a seating capacity of 500 students.
- » **Unique pedagogy:** SMSR's teaching programmes ensure that learning is student centric, enriching and relevant to the educational needs of our students who are preparing to lead the medical world.

WHAT STUDENTS SAY ABOUT SMSR

Dr. Agrima Bhatia, M.B.B.S. (Batch, 2009)

The excellence of faculty, strength of infrastructure & facilities, commitment to education have placed our medical school at the forefront of medical education. My journey from the dissection hall to the patient's bedside has been amazing. I have been blessed with the best faculty who nurtured us as saplings.

Anisha Kwatra, M.B.B.S. (Batch, 2011)

Winning Maruti Suzuki Autocross Delhi for 4 consecutive years and Chevrolet Seed sprint in 3 states of North India, today I am on a dream drive with stethoscope around my neck. I could accelerate both my careers without brakes only with the help and support from the administration and faculty of SMS&R. This college has some of the best teachers, highly qualified and devoted, putting in all the effort to clear smallest of concepts, paying individual attention. I am glad I chose SMS&R.

Dr. Arpit Jain, M.B.B.S. (Batch, 2012)

I can honestly say that joining SMSR was the best decision I've ever made. Along with the excellent infrastructure, our teachers, who are also our personal mentors, have moulded us in the best possible way to be excellent doctors. Being in campus, I have also been a part of Kartavya, an NGO in the university, where we teach the underprivileged children. It has truly been an experience that has made me grow as an individual.

Aprajita Laroia M.B.B.S. (Batch, 2012)

"Work as a team", "Always strive to do better", "Try try till you succeed" and "VASUDEV KUTUMBHKAM" have been the mottos that have been inculcated in us since day one at SMS&R. Being in campus, I have been part of variety of co-curricular activities ranging from annual fest "CHORUS" to CME programmes which have just helped me and everybody around to grow and learn for the further life. From the brilliant academic support provided to us by the faculty to the never ending lists of platforms we get to showcase our talent.

Dr. Garima Goyal, MD (Batch, 2013)

Pursuing my postgraduate (MD) from Sharda University has been a great experience. The medical school and the hospital are both beautifully constructed and adept for providing the rigorous training that this course demands. The regularly held seminars, presentations, CMEs and conferences have led us to be exposed to the upcoming trends and new technologies in use today. We are taught not only the theoretical aspect but also encouraged for practical skill development and skill diversification here.

SCOPE

"Whenever you are asked if you can do a job, tell them, 'Certainly I can!' Then get busy and find out how to do it."

-Theodore Roosevelt

M.B.B.S. is one of the most prestigious degrees offered in the medical field. With the advancement in medical science which has become highly specialized, M.B.B.S. degree in itself is not adequate all the time and one is required to acquire a postgraduate degree to become a specialist. However, M.B.B.S. Doctors find jobs both in the government and private hospitals, nursing homes, as well as other health facilities. All private and public sector organisations in India and abroad also employ doctors. The combined medical service examination conducted by UPSC offers entry into central government departments like Department of Post and Telecommunication and Railways etc. All wings of the armed forces, state & central government hospitals & various state and central health schemes and NGOs recruit doctors. An M.B.B.S. graduate can start his/her own private clinic or nursing home.

The various employment areas for the doctors are listed below.

- **Hospitals/Health centres/Nursing home/Polyclinic:** The aspirants can work as doctors in various hospitals/health centres/ nursing homes/ polyclinic in government as well as private sector across the country.
- **Medical Colleges:** The candidates after completing M.B.B.S. can undertake jobs in various medical colleges across the country.
- **Non-Profit Organisations:** Some aspirants like to help others. They can work with some non-profit organisations.
- **Pharmaceutical and Biotechnology Companies:** The aspirants can work for research in various pharmaceutical and biotechnology companies.
- **Private Practice:** The doctors can do private practice.
- **Research Institutes:** The aspirants can work in various research institutes.

Opportunities abroad after M.B.B.S.

There are lots of opportunities for doctors abroad. The medical professionals need to take up the qualifying exam to study or work in any foreign country. Different countries consider different qualifying exams. In the United State of America the medical professionals need to pass USMLE Licensing exam. In Australia and New Zealand, the professionals have to clear MRCP. In the United Kingdom PLAB exam is mandatory.

WHAT STUDENTS SAY ABOUT SDS

Mohd Syed Mustansir, 3rd year, Post Graduate student, Oral Pathology 2015 batch

Since the moment I came to Sharda University I was met with nothing but energy and enthusiasm. The faculty at this institution is the best. This University has so many opportunities for students to get help they need. Professors helped me beyond words I can pen down. I really believe it is a privilege to come to this institute and I am so glad I made that decision.

Ms. Kanika Sehgal, 2014 batch

Sharda University is a holistic platform with its friendly, exciting and vibrant environment. All the faculty members are very helpful and encouraging. Its diverse culture makes it more enlightening.

Mr. Abhishek, 4th year, BDS 2013 batch

I can say that the School of Dental Sciences, Sharda University has made me a better person. This University has provided me with excellent education system and the kind of professors here are students best friend, teaching us and showing us the path towards a bright future.

Ammar Mohammed, 2015 batch

Sharda University School of Dental Sciences is more than an institute. As an international student, I find it so comfortable and easy to interact with the students which are so friendly to me. Distinguished faculty help me to understand my subjects very well. Laboratories are ultra modern and well equipped.
